CXC2 – It would be light!

The CXC2 is a real eye catcher due to the three blue Argus L-12025 LED-fans and the translucent acrylic side panel. The front is made of tempered glass and has a stylish honeycomb design. The interior offers space for additional fans, a 120mm or 240mm liquid cooler and several hard disks.

The case offers removable dust filters in the cap and in the bottom of the case. The USB 2.0, USB 3.0 and HD-Audio connectors as well as all buttons are on the top. The scope of delivery includes guiding screws for the 3.5" hard disks which ensure fast mounting.

The separated PSU tunnel offers the option to mount two additional 120mm fans for air circulation.

✓Front panel made of tempered glass
✓Three 120mm LED-fans (each 33 LEDs!)
✓Dust filters in cap and bottom
✓Mounting option for AiO-liquid cooler

CXC2

Specifications
