

## S-3901 Impulse – RGB meets design

Are you looking for a special case, that moves your lighting concept into new spheres? Then the S-3901 Impulse is just right for you! A slightly tinted Tempered Glass side panel and two RGB LED strips, which run over the front panel and the whole top of the case, make the S-3901 the ideal candidate for a high-end system with elaborate LED lighting. This is not only due to the standard 120mm RGB LED fan, that is installed on the rear panel, but also because of the digital 5V RGB control board, which accommodates up to 7 additional RGB fans, which are managed via the RGB motherboard control header. Space for up to four additional 3-pin fans round off the connection variety of the integrated circuit board.

In the top of the case are, in addition to the LED strips, fixed dust filter inserts and the controls. In addition to two USB 2.0 and USB 3.0 ports and HD audio jacks, there is a slider to set the fan speed (Off/Low/High) and a switch for manually switching through the LED effects. Another removable dust filter under the power supply and a variety of ways to lay the cables, complete the offer.

- ✓ RGB control board (allows effects like running light or rainbow)
- ✓ 3pin RGB header connector for digital 5V RGB motherboard control
- ✓ Includes two RGB LED strips and a 120mm RGB fan
- ✓ Side panel made of Tempered Glass

## Specifications

Motherboard	ATX, µATX, ITX
Max. drive bays	5.25" external: 0 3.5" external: 0 3.5" internal: 2 2.5" internal: 2
Front connectors	USB 3.0: 2 USB 2.0: 2 Microphone: 1 Speaker: 1
Cooling system	Front: 3x 120mm o. 2x 140mm (optional) Rear: 1x 120mm (serial, RGB, 6pin connector) Top: 2x 120mm o. 2x 140mm (optional)
Max CPU-Cooler height	175mm
Max Graphic card length	275mm
Packing units	Shipping unit: 1 pcs Packing unit: 24 pcs
Warranty	24 Months
Article number	88881272
EAN-Code	4260455641371
Scope of Delivery	Screw set Manual (German, English)
Features	<p>Front panel and top with two RGB light strips</p> <p>Side panel made of Tempered Glass</p> <p>1x 120mm RGB fan at the rear included</p> <p>3pin RGB header connector for 5V RGB motherboard control</p> <p>LED switch to change colour effects</p> <p>RGB control board for up to 7 additional RGB fans and four 3pin fans</p> <p>Manual fan control via slider in the top</p> <p>Two 3.5" bays below the motherboard carrier with separate airflow</p> <p>Place for water cooling in sizes of 120mm and 240mm</p> <p>Power supply adapter in a separate cage in the bottom part</p> <p>Openings for easy laying of cables</p> <p>Easy removable dust filter below the power supply</p> <p>Slot plates screwed and mesh grid</p> <p>Stands</p>

## Dimensions and Weight

	Cage	Case	Package
Height	450mm	505mm	525mm
Width	210mm	215mm	290mm
Depth	390mm	455mm	540mm

Weight (net): 6.78 Kg  
Weight (gross): 8.04 Kg
